## FIRE, POLICE AND TELEPHONE SERVICE CALLS

	CALL
Fire Call (To report a fire)	"Fire Department"
Police Call (To summon police)	"Police Department"
Chief Operator (To inquire about a call in the process of completion)	"Chief Operator"
Information (To obtain a number not listed in the directory)	"Information"
Repair Service (To report a telephone out of order)	"Repair Service"
Long Distance (To place an out-of-town call)	"Long Distance"
Business Office (To transact all other business)	40

## PROPER USE OF THE TELEPHONE

Obtain the correct number from the directory. If not listed, call "Information."

Speak slowly and clearly, with the lips about one inch from the mouthpiece.

To recall operator, move receiver hook up and down slowly, three or four times.

Do not hang up the receiver until your conversation is completed, as this gives a signal to disconnect. Keep the receiver on the hook when the telephone is not in use or your line will be out of order.

Answer calls promptly. Failure to do so may result in loss of a message.

## LONG DISTANCE SERVICE

To make a long distance call, ask for "Long Distance." When "Long Distance" answers, give her your name and telephone number, and details of the call, including the desired number, if you know it. If the distant town can be reached promptly you will be asked to hold the line.

A Station-to-Station Call is made when you tell the operator you will talk to anyone available at the called telephone.

A Person-to-Person Call is made when you give the operator the name of the person to whom you wish to speak. Appointment or messenger calls can be made when you wish to talk with a specified person at a designated time, or when it is necessary to send a messenger to summon the person called to a telephone.

Long Distance Rates vary according to the class of call. Rates for station-to-station calls are lower than for person-to-person calls because less operators' labor and less use of long distance equipment are required to complete them. Rates for messenger calls are the same as for person-to-person calls, plus the charges for messenger service.

Evening Rates apply on station-to-station calls between 7 and 8:30 p. m.,

with charges about 15 per cent less than the day station-to-station rate. This reduction applies only when the day rate is 40 cents or more. The minimum reduced rate is 35 cents.

Night Rates apply on station-to-station calls between 8:30 p. m. and 4:30 a. m., with charges about 40 per cent of the day station-to-station rate. This reduction applies when the day rate is 40 cents or more. The minimum reduced rate is 35 cents.

Report Charges are made on uncompleted person-to-person calls when failure to establish the connection is due to no fault of this Company. A report charge is also made on reversed station-to-station calls when the party answering the called telephone refuses to accept the charge and the call is not completed.

Reversal of Charges is permitted on all classes of long distance calls without extra cost except on station-to-station calls of 20 cents or less, which take a slightly higher rate when sent collect.

To Obtain Rates to any place, call "Long Distance." To obtain charges at the close of a conversation, notify long distance when you place the call.

## DIRECTORIES

Changes in Listings: All orders for changes in listings or new listings in the next issue of the telephone directory must be placed with this company on or before April 20. It is desirable that orders be received as much in advance of this date as possible. Directory errors should be promptly reported.

## OUR POLICY

Our constant aim is to provide local and long distance telephone service that pleases our patrons . . . that enables anyone, anywhere at any time to talk to anyone, anywhere else clearly and quickly . . . and to furnish service at the lowest possible charges consistent with the financial safety of the business.

## GENERAL RULES AND REGULATIONS

**Allowance for Failure of Service**—The Telephone Company does not guarantee uninterrupted working of its lines or equipment. In case service is interrupted otherwise than by the negligence or willful act of the subscriber, an adjustment will, upon application by a subscriber, be made in the amount of the charges for such of the service, equipment, and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond twenty-four (24) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company.

**Care of Equipment**—The telephone equipment, apparatus, and lines furnished shall be carefully used and cared for by the subscriber and shall be surrendered to the Telephone Company upon termination of the subscriber's right of use in as good condition as when received, ordinary wear and tear alone excepted.

All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Company's tariffs or in the contract for the use of the equipment, will be borne by the Telephone Company. In case of damage to, or destruction of, any of the said equipment, due to negligence of the subscriber, the subscriber shall pay either the cost of replacing the equipment or the cost of restoring the equipment to its original condition.

**Change of Telephone Numbers**—The Telephone Company does not undertake to continue the furnishing of service to a subscriber in any exchange area through any particular central office in that area and may change the telephone number or the central office designation whenever it deems it desirable in the conduct of its business.

**Connection of Unauthorized Equipment and Appliances**—Subscribers shall not use or permit to be used in connection with the equipment or facilities furnished by the Telephone Company any electrical or mechanical apparatus or device not provided by the Telephone Company or permit the attachment of advertising or other devices. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The use of any apparatus or device in connection with such instruments or the attachment of any apparatus or device to such instruments generally interferes with telephone service. In order to protect the service, the Telephone Company reserves the right to remove from the instruments or facilities any equipment, apparatus, or device of any kind in any way connected therewith other than that furnished by it.

**Defacement of Premises**—No liability shall attach to the Telephone Company by reason of any defacement or damage to the subscriber's premises resulting from placing the Company's instruments, apparatus, and associated wiring on such premises, or by the removal thereof when such defacement or damage is not the result of negligence on the part of the Company or its employees.

**Default of Payment or Other Violation of Regulations**—Charges for exchange service and facilities are due in advance. Charges for toll and long distance service are due when the bill for such service is rendered. All bills are payable at the Telephone Company's business office. Failure to receive a bill does not exempt the subscriber from prompt payment of his account. The subscriber is held responsible for all charges for exchange service and facilities furnished at his request and for all toll and long distance service furnished at his station or stations, including charges for toll messages received at his station or stations on which the charges have been reversed. In the event of default of payment of any sum due for either exchange or toll service or both, the use of foul or profane language, the impersonation of any other person with fraudulent intent, listening

in on party line conversations, or any other violations of the Telephone Company's regulations, the Telephone Company may either suspend service or terminate the service without suspension.

**Errors in Directory Listings**—The Telephone Company issues directories to assist in furnishing prompt and efficient service and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors in and omissions of, directory listings but they may occur and the Telephone Company will assume no liability for damages caused to a subscriber because of such errors or omissions. Likewise the Telephone Company will not be a party to controversies arising between subscribers or others as a result of listings published in its directories.

**Moves of Telephone Equipment**—Telephone equipment installed on the premises of subscribers shall not be moved from one location to another except by a representative of the Telephone Company. For any changes in location of telephone equipment or wiring the subscriber shall be required to pay the established charges for making such change in location.

**Outgoing and Incoming Service Privileges**—The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of a calling subscriber to such service.

**Ownership of Directories**—Telephone directories furnished subscribers are and remain the property of the Telephone Company and shall be surrendered upon deliverance of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

**Party Line Service**—In connection with the furnishing of party line service, it is contemplated that each subscriber will so use the service as not to interfere with an equitable proportionate use of the service by other subscribers on the same line. In the interest of the service to all parties on a party line, the Telephone Company reserves the right to discontinue the party line service of a party line subscriber when the duration or number of local messages sent or received by him is so great as to prevent an equitable proportionate use of the service by other subscribers on the line.

**Right to Access to Premises**—For the purpose of inspecting, repairing, or removing any part of the Telephone Company's equipment, apparatus and lines, the Company's employees shall, upon producing proper identification, have the right of access to subscribers' premises at any reasonable hour.

**Transmission of Messages**—The function of the Telephone Company is to furnish means of communication between telephone stations. Acceptance, by employees, of written or verbal communications from the public, for transmission or delivery, is forbidden.

**Use of Equipment and Service by Subscriber**—Telephone equipment and service is furnished to subscribers for use only by the subscriber, his family, guests, or persons residing with him as members of his household, persons leasing or subleasing his residence during his temporary absence from such premises, or by his employees or representatives when engaged in business, except as the use is extended to others under the established regulations governing semi-public telephone service, and private branch exchange service at hotels, apartment houses, clubs and hospitals and except as the use of the service may be extended to joint users under the established regulations governing joint user service.

**T**HERE is no substitute for the human voice. It has an appeal that no letter can convey. So personal . . . so friendly.

Long Distance telephone service is an easy and economical way for you to send your voice to friends and relatives in distant places. It is an ideal way to make a quick trip, social or business . . . to keep friendships alive . . . to bring the family together.

Just note the rates on this page and see how cheaply you can use this service. These rates apply to Ames and are for three-minute day station-to-station calls . . . when you tell the operator you will talk to anyone available at the called telephone. The Long Distance operator will give you rates for other classes of service or to points not shown.

Long Distance service is faster when you call by number. Our business office will be glad to furnish you with the telephone numbers of out-of-town persons you may wish to call frequently.

**Classified Telephone Directory**  
**December, 1930**

**"WHERE TO BUY IT"**

**NORTHWESTERN BELL TELEPHONE COMPANY**

**Directory Department**

**512 Fifth Street**

**Telephone 40**

## *It's easy to find* **"Where to buy it"**

**To find the telephone number of a business concern you have in mind —**

*First*, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

*Then*, locate the desired concern and telephone number by examining the listings under the heading.

**To find where to buy the article or service you want —**

*First*, locate the heading indexed by the name of the article or service you wish.

*Then*, select from the listings the dealer with whom you wish to do business.

Under these headings also may be found sub-headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trademark or brand names will be found as Main Headings in their proper alphabetical order according to the trademark or brand name.

If further information is desired please communicate either by telephone or letter with the Business Office, 512 Fifth Street, Ames, Telephone 40.

# Ames

## Garages

Ames Auto Repair 109-5th.....2395  
(Continued Next Page)

Water is one of the worst  
enemies of telephone service  
---if the wiring or electrical  
connections become wet   
it is likely to make the tele-  
phone noisy or put it entire-  
ly out of order.

Public telephones the located in  
places convenient for you to use  
when you are way from home or of-  
fice.

*Do you neglect friends  
for lack of writing time?*

Morning's work half done . . .  
children off to school . . . baby  
bathed . . . kitchen cleaned . . . a  
minute off to write Mae an over-due  
letter . . . seems I never get it done  
. . . Where's my pen? . . . there's  
the door bell . . . who's there? . . .  
the ice man . . . well, what's the use  
. . . I'll write tomorrow.

Woman's work is never done . . .  
friends are neglected for lack of  
writing time. But this need not be  
so, for before you've blotted the sal-  
utation you can be chatting by Long  
Distance telephone with friends any-  
where.

Women nowadays are keeping in  
touch with distant friends and rela-  
tives by telephone just as with friends  
in town. It's a great tonic. Try it.

The charges for long distance serv-  
ice are surprisingly low, especially  
when you will talk with anyone  
available at the telephone called.

DAY AND NIGHT SERVICE

Extension telephones 

in your home will save

hundreds of extra steps

 and prevent loss of

many calls--they cost only

a few cents  a day.

# As the Plane Flies

You can go 100  
Airline Miles by  
T elephone

for 60c\*

Long distance telephone rates are based on airline miles and are less per mile as the distance increases. Rates between many points have been greatly reduced in the last few years.

Lines of this Company connect with a nation-wide network so that you can talk with almost anyone, anywhere, clearly, quickly and at low cost.

**NORTHWESTERN BELL TELEPHONE COMPANY**

\* This rate applies for three minute conversations using day station-to-station service (when you ask to talk with anyone available at the called telephone).
